RE: Program #07021

Previous Accreditation Status: Pending

Most Recent Site Visit: 11/2025

Dear Dr. Fiege:

The Joint Review Committee on Education in Radiologic Technology (JRCERT) appreciated the opportunity to evaluate the pending associate degree radiography program sponsored by Brightpoint Community College. The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences.

The initial accreditation status of the program was considered at the February 11, 2026 meeting of the Joint Review Committee on Education in Radiologic Technology. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

INITIAL ACCREDITATION FOR A PERIOD OF THREE YEARS.

The maximum duration that may be awarded by the Joint Review Committee on Education in Radiologic Technology in this category is three years.

The next site visit is tentatively scheduled for the Fourth Quarter of 2028.

The program is advised that once program effectiveness data becomes available, it must publish the data on the program's website to allow the public access to this information. The program is also advised that implementation of the assessment plan and analysis of student learning outcomes and program effectiveness data to identify priorities for improvement must be reflected in the program's next self-study report. These advisements will be further evaluated at the time of the next program review (e.g., continuing application/self-study report and site visit).

In compliance with the requirements of the United States Department of Education, programs must publicly disclose the length of the accreditation award and this award letter. Additionally, program publications must state that the program is accredited by the:

Joint Review Committee on Education in Radiologic Technology
20 North Wacker Drive, Suite 2850
Chicago, IL 60606-3182
(312) 704-5300
email: mail@jrcert.org

The program is further advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits to accredited programs. The sponsoring institution would be responsible for the expenses of any onsite evaluation.

It is the responsibility of the program to provide a copy of this letter to appropriate personnel at the clinical settings.

The Joint Review Committee on Education in Radiologic Technology Directors and staff wish you and the program faculty continued success in your efforts to provide a quality educational program. If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

Kae B. Fleming, Ed.D., R.T.(R)
Chair
